

NEXT GENERATION RAIL

Where knowledge
creates solutions

29 June: Technical site visits
30 June – 1 July: Conference

NTAR - National Training Academy for Rail, Northampton

Next Generation Rail will offer valuable learning and networking opportunities to **early-career researchers** (PhD, Masters students), **young professionals** and **apprentices** working in rail.

Join the future generation of rail leaders and educators

The conference will encourage you to:

- **DEVELOP** new skills to support your career progression
- **THINK** innovatively about providing solutions to future challenges
- **SHOWCASE** research and innovation underway in industry and academia
- **COLLABORATE** with other like-minded enthusiastic young people

This event is CPD accredited and equivalent to up to 10 CPD hours.

“At Next Generation Rail there’s something to inspire everyone. So regardless of whether you’re a student, a researcher or industry professional, whether you work in operations, manufacturing or infrastructure, I would say ‘Go and take part’!”

(2015 attendee)

What’s in it for your organisation?

- Invest in new talent
- Support early-career professional’s development and help them succeed
- Maximise collaboration
- Raise your organisation’s profile
